Uganda's Foreign Direct Investment (FDI) inflows have consistently increased in spite of the COVID-19 pandemic, from US\$807.00 million in 2019 to US\$ 927.10 million in 2020 largely due to its stable and consistent macro-economic policies, liberalized business environment, proximity as a logistics hub within the Great Lakes region and increased regional trade.

Most FDI into Uganda has been directed towards mining & quarrying, manufacturing, agriculture, construction, finance, insurance, real estate and business services. The Government has continued to promote foreign investment through the Uganda Investment Authority, the Presidential Investors Round Table and by minimizing macroeconomic policy shifts, which make doing business in Uganda more predictable than in neighboring countries. Uganda has a friendly investment policy framework aimed at attracting investments in the various

## INTRODUCTION

aforementioned sectors. One of these policies is the provision of tax incentives to investors. country's tax laws making them nondiscriminatory and accessible to both domestic and foreign investment depending on the sector and level of investment. It is assumed that this tax incentive regime will spur investments within the economy and in so doing contribute to the achievement of Uganda's Vision 2040 whose aspirations are to transform Uganda from a predominantly low-income country to an upper middle- income country within 30 years.

Realizing that knowledge of the existing tax incentives by prospective local and foreign investors encourages many to take advantage of these incentives and invest in the country; Uganda Revenue Authority is pleased to introduce this Tax Incentives Guide for Investors in Uganda.

This Guide is a consolidation of all the tax incentives under International Trade (Customs) and Domestic Taxes. This Guide will be updated annually in line with Government's fiscal policies and will be available at the One Stop Centre of the Uganda Investment Authority. For further inquiries, investors are encouraged to contact the Assistant Commissioner Trade, Customs Department and the Assistant Commissioner Business Policy, Domestic Taxes Department.

Developing Uganda Together.

Revenue Authority

## A GUIDE ON TAX INCENTIVES

Tax incentives and non- tax incentives are available to both foreign and local investors. The benefit for local investors is that they can access the tax incentives with a lower minimum capital requirement. Local and foreign investors can equally access non- tax incentives like land in the industrial parks, facilitation for infrastructure needs and policy advocacy for conducive environment.

### TAX INCENTIVES UNDER DOMESTIC TAXES

INCOME TAX
